HE FORGED MANY CHECKS, IS BELIEF

TURNS DETECTIVE COMES HERE TO QUIZ E. F. STEINBERG.

OPERATED IN FIVE STATES IN WEST

Kansas City Expert Believes Local Jail Breaker and Passer of Bogus Checks Is Experienced.

That worthless checks ranging in value from \$15 to \$75, passed in various towns and cities of Texas, Nebraska, Iowa and Missouri since last July, were the work of E. F. Steinberg, now in the county jail here, is the opinion of B. V. Benson, representing the William J. Burns international detective agency of New York. He was here yesterday "quiz" Steinberg.

Mr. Henson came here at noon yesterday from Kansas City on orders from the head offices at New York. The order was made following complaint of the American Bankers' association, which the Burns agency represents. Mr. Henson spent the afternoon in consultation with Prosecuting Attorney William G. Sawyer, Sheriff Edwin Wallace, and in questioning Steinberg.

Steinberg denied emphatically to Benson yesterday that he had ever cashed any worthless checks other than the three for \$18.25 at Hopkins, December 29, for which he was sentenced to the state prison. Despite this, however, Henson is firm in the belief that Steinberg has operated the check and draft forgery game for the last half year within the five western states.

"These checks were signed either by A. C. Ward, W. F. Ward or C. F. Ward in each instance," said Mr. Henson. In each complaint registered with us in description of the forger resembled remarkably the appearance of Steinberg, with but one exception. This was the advice that the forger had two holes on the right side of his face near the right eye. Steinberg has not got them, but on close scrutiny I found that two scars showed such facial marks had been removed recently."

Await Steinberg's Release.

The complaint on which Steinberg will be prosecuted by the American Bankers' association when Steinberg is released, five years hence, from the state penitentiary is from the Houston national bank of Wichita Falls, Texas, where a worthless draft for \$75 was cashed.

The first worthless check which Henson believes Steinberg passed was last July at Wichita Falls. Others in turn showed up in several cities of Wyoming, several cities of Nebraska, nearly half dozen in Iowa and several in Missouri. Still it is the belief of the Burns detective that Steinberg is not an old hand at the game.

"I do believe, however, that he has spent some time in jails of this country and has gained considerable experience within the short six months," said Mr. Henson.

This is the reason Steinberg refused to tell his past when questioned by Circuit Judge W. C. Ellison before being sentenced, thereby adding three years to his sentence, it is believed. The skill which he used in making his escape recently from the county jail, also showed experience.

FORMER RESIDENT DIES.

W. F. Wade, Skidmore Druggist, Dies in Washington.

Word has been received of the death of W. F. Wade, formerly of Skidmore, who died Monday, January 25, at his home in Anacortes, Wash. Death was due to tuberculosis of the throat, with which Mr. Wade had been suffering several years.

Mr. Wade was engaged in the drug business while living at Skidmore. With his family he left there in 1909, seeking benefit in going to the western climate.

Harmony to Give Play.

"Fifteen Miles to Happytown," a comedy play will be put on by the adult residents of the Harmony neighborhood at the Harmony church tonight.

SETTLE CITY SUITS

LONG LITIGATION OVER PAYING TAX FINALLY ENDS.

TERM IS NEAR AN END

January Docket Almost Purged—Adjourn to February 24—Some Suits Dismissed or Continued.

A majority of the two dozen or more suits of the city of Maryville to collect special taxes assessed in 1906 for street paving improvements which have been in the courts for term after term, were finally settled in various ways in circuit court yesterday, just prior to adjournment, until February 24. In most of the cases settlement out of court was obtained and only formal dismissal made in court.

The suits were brought by the city after a number of persons owning property abutting on the paved streets had refused to pay the special tax. The amounts ranged from \$87.50 per individual to as high as \$336.50, while the average was about \$160. But with the extra court assessments and counsel fees, many will have to pay almost double the city assessment.

For Paving Eight Years Ago.

Most of the paving for which special tax was sued for was on East Second street. Some was on West Third and Fourth streets and North Main street. The second street paving was ordered by the council in August, 1906, so that most of the suits are eight years old.

The tax bill suits of the city, action on which were announced in court were against John P. Hawkins and Mrs. Hawkins, his wife, judgment; A. M. Bright and others, dismissed; J. B. Bratcher and others, continued; James A. Conklin and others, judgment; Frank Barman and others, continued; J. E. Costello and others, judgment; Mary Costello, judgment; Oliver P. Wade and others, continued; Martha E. Smith and others, judgment; Edith Stultz, judgment; Frank Shoemaker, continued; Richard Snyder and others, settled and dismissed; O. K. Herndon, continued; William J. Wilson, judgment; Thomas Holmes and Dickey Holmes, settled and dismissed; William Murphy and others, continued; Mary R. Coleman and others, defendants dead, suit is revived against their heirs and case set for April term.

Continued Several Cases.

Other civil suits on which action was taken were: Martin Borrusch and others against James W. Herndon, contract; continued.

Laura E. Cloud against Royal Casualty company, contract; continued.

Elizabeth Prather against Connecticut Fire Insurance company, contract; continued by agreement.

T. W. Costello against Edwin Wallace, replevin; continued.

H. W. Clark against Clellan White and others, attachment; defendant defaults, jury waived and court awards judgment to plaintiff.

State against Everett L. Morgan, ouster proceedings in Graham consolidated school controversy; continued.

John W. Barker against Joseph W. Hays and others, perfect title; decree.

Irene New against Gernie C. New, perfect title; dismissed at costs to each.

Dorothy Burroughs against William Burroughs, divorce; defendant defaults, decree to plaintiff and restoration of maiden name, Dorothy Conklin.

Bert Cornwell against James A. Kavanaugh, motion to set aside costs; continued.

Katherine Riley against Annan Lynch and others, partition; dismissed.

City of Maryville against Sarah E. Murray, tax bill; continued.

John Kane against Joseph Binter, note; continued.

UPHOLD STANDARD

BAPTIST EVANGELIST DECLARES CHURCHES SHOULD BE STRICT.

SOME TOO INCONSISTENT

"Church That Lets Christ's Standard Fall Lowers Its Own"—Would Be Man Above All Else.

"Inconsistent living of a Christian life is the most damnable thing one can be guilty of."

"Any church that will allow the standard of Christ to be lowered will lower its standard also."

"This inconsistent living makes people doubt our Father."

These words were burned into the minds and hearts of 800 men, women and children by Evangelist A. E. Burch at the First Baptist church revival last night. In conclusion of which twenty-four persons walked to the front and confessed conversion, making a total of 172 so far converted in the special evangelistic services.

Before the service began last night, thirty-four persons who have joined since the revival began, were baptized. The topic last night was "Seeing Eyes."

Evangelist Burch said in part:

"Our seeing eyes are the eyes through which we see God in nature. We know not how it is. This is one of God's secrets. Our hearts are the moral sense with which we see. They are the 'seeing eyes' through which we see God."

"It is wonderful to be a man with our wonderful powers to see and know things. I would rather be a man than all else God ever created. And you know I believe when we see God we will see Him in the form and shape of a man. He is our own great loving Father with a personality and a being. We are fashioned in His likeness."

"How can a man look upon nature without realizing there is a God, without seeing God in nature? Even the tiniest flower, in its beauty and fragrance, makes one think of Him. We can't destroy that fragrance. And so it is with life—the beauty and love of God can never be destroyed."

Church Must Uphold Standards.

"Seeing eyes see the progress of the gospel in this old world. Inconsistent living of a Christian is the most damnable thing one can be guilty of. Any church that will allow the standard of Christ to be lowered will lower its standard also. This inconsistent living makes people doubt our Father. It's up to us to live the lives that will remind unsaved people of God."

"People aren't going to be saved by us simply asking God. We must work and live for them. Work goes along with prayer. We can't expect to win this town to God unless men, women and children are on our hearts."

"And yet this is the most blessed and the sweetest age the world has ever seen in spite of all the evil existing. I believe that you and I, instead of planning for a long life and old age, should plan to make things better right now, just as we go along."

"Beyond the grave there are two destinies for us: We shall either suffer and bear a cross, or have the joy of wearing the victor's crown."

NODAWAY SENDS 30 TO M. U.

Is Seventh County in State in Number of Students in University.

With the exception of seven counties, every county in the state of Missouri sends one or more students to the University of Missouri at Columbia.

Boone county, of course, being the home of the University sends the most students, 521. The two counties in which the two largest cities in the state are located come next, Jackson county sending 257, and St. Louis, 224. Jasper is next with 80, and then comes Buchanan with 61, Pettis 49, Audrain 33, and Lafayette, Nodaway and Linn 30 each.

Worth county, with but an area of 270 square miles, sends 13 students, the largest in the state, Texas, sends two students.

Atchison county, in the extreme northwest corner of the state, sends 11 students; Clark county, in the extreme northeast corner, sends 7; McDonald county in the extreme southeast corner, sends 3; and Dunklin county, in the extreme southeastern part, sends 7.

Dies at St. Francis Hospital.

Mrs. John Lund, an aged woman, who has been in the care of the city board of charity and the Sisters of St. Francis hospital for some time, died early this morning at the hospital, where she had been for the past week. No arrangements have been made for the funeral.

EXPECT GOOD GAME

NORMAL AND WESLEYAN BASKET BALL PLAYERS CLASH TONIGHT.

TARKIO BEAT IT 26-20

Although Cameron Students Lost Last Night, They Played Better Than William Jewell, Reported

The undefeated Maryville Normal school basketball team will play the Missouri Wesleyan College team in the Normal school gymnasium tonight at 8:00 o'clock.

Although the Wesleyan team has made a poor start this season, it seems to have gained form in the last week or two and are now playing a whirlwind game. The Wesleyans played Tarkio college last night at Tarkio and were defeated by a 20-26 count. The report comes that they displayed a better article of basketball than did the William Jewell team which played there a week ago.

Expect a Hard Fight.

This means that the Maryville Normals will have a hard task on its hands tonight if it defeats the Methodist team.

Morris Riley of the Kansas City Athletic Club will referee the game. Riley is a star forward of the Battery B team of Kansas City, and knows the game from every angle.

The line-up which will probably start the game for the Normal is: Vandersloot, Leech, forwards; Scarlett, center; Scott, McClintock, guards.

The Normal school yell leaders practiced with the student body in the assembly this morning and considerable spirit was aroused for the game.

A large audience is expected to attend including a number of former Normal students who are teaching in the vicinity of Maryville.

The Normal team will meet the Tarkio team on the Tarkio court February 5, when one of the hardest games of the season is expected.

NEARBY PLACES WERE COLDER.

Maryville Was Six Degrees Warmer Than Bedford—Temperature Rises Fast.

Several other towns within close proximity to Maryville report much lower temperatures in the present cold wave than was observed here. Bedford, Ia., reports the government reading at 24 degrees below zero yesterday, while Stanberry officially gives the low ebb at 22 degrees. The lowest temperature here was 18 degrees below zero.

A rapid rise in temperature is reported within the last day by J. R. Brink. At 7 o'clock this morning the readings for the twenty-four hours previous showed the minimum to be 1 degree above zero and the maximum 11 degrees.

SCHOOL CLUBS TO MEET.

"Social Center" Organizations Have Postponed Sessions Tonight—Social Follows.

The various "social center" clubs of the grade and high school students of the Washington school building will meet at the Washington building tonight in postponed sessions. No special programs have been prepared by the leaders of any of the clubs, it is said.

Following the individual club meetings all will gather in the auditorium or hallway to spend an hour in playing games, singing and in a general social time.

CHRISTIAN MEN TO ELECT.

Church Brotherhood Will Choose New Officers for Year Tonight.

The annual election of officers for the ensuing year will be held tonight in the church by the Men's Brotherhood of the First Christian church. The Brotherhood now has a membership of about a half hundred and is quite active in all church work.

The present Brotherhood officers are: President, F. L. Flynt; vice president, Henry Westfall; secretary, John McDougal; treasurer, Edward Gray.

TAKE 3 TO STATE PRISONS.

Sheriff Will Place Two in Penitentiary and One in Reformatory.

Sheriff Edwin Wallace and Deputy Sheriff Gabe Purcell of Conception left this morning with those persons sentenced to prison terms at the January term of circuit court, which adjourned yesterday. E. F. Steinberg, sentenced to serve five years for larceny, and Harry Whalen, sentenced for two years for robbery, will be placed in the penitentiary at Jefferson City. Clarence Gossard of Burlington Junction, sentenced to serve two years in the state training school for boys for theft, also was taken along. He will be left at Boonville.

Mr. and Mrs. J. J. Linthicum of southwest of Maryville, were shopping in Maryville today.

OBSERVE ITS BIRTH

WAGE EARNERS CELEBRATE WITH BANQUET AND SPEAKING.

FOUNDER CAN NOT COME

The Rev. J. D. Randolph, Who Organized Buchanan Street Class, Will Be Absent—Rearrange Program.

When the 100 members of the Wage Earners class of the Buchanan Street Methodist church meet tonight to celebrate, by banquet and speaking, its second anniversary, one face, that of its founder, the Rev. J. D. Randolph of Fayette, will be absent. This knowledge perhaps places a bigger regret than all else in the hearts of the loyal men church workers.

The inability of Mr. Randolph to attend the celebration tonight was caused through his having to go to the bedside of his mother in Kentucky. She is said to be very ill and not expected to survive. This was the message received today by M. A. Peery, chairman of the social committee.

But Mr. Randolph's place on the speaking program tonight will be filled by C. B. Duncan of St. Joseph, a member and loyal worker in a Wage Earners class there. He will take Mr. Randolph's address, "Dangers and Opportunities."

Postpone Election a Week.

Several other changes in the program also have been made. Through the inability of Jesse Modie of St. Joseph to attend tonight's banquet, Roy D. Bealls of St. Joseph will speak instead on "What We Can Do." He will represent chapter No. 2 there.

It is not believed either than C. D. Cavallero of San Jose, Cal., will attend the banquet. He was to address the audience on "Religious Clubs versus Others," and to represent San Jose chapter, No. 6, of the Wage Earners.

As far as is now known the remainder of the schedule will be carried out as previously announced, except that the election of officers of the local grand chapter will not be held until next Friday night, February 5.

Banquet Begins at 7:30.

The banquet will be held in the annex to the Buchanan Street church, beginning at 7:30 o'clock. The speaking will follow. Plates will be laid for 100.

The first address will be made by the Rev. John H. Hubbard, church pastor, on "Friendship." He will represent the local chapter. The address by Mr. Bealls will follow.

Other addresses in order will be delivered as follows:

"Social Enjoyments for Wage Earners," W. C. Cowart, Hamilton chapter, No. 3, Kirksville.

"Organized Classes as Aids to Church," A. B. Coffman, Brown chapter, No. 4, Columbia.

"Effects to Organized Classes," W. E. Brown, Cleveland Avenue chapter, No. 5, Kansas City.

"Dangers and Opportunities," Roy B. Duncan, St. Joseph.

Hopkins Store Is Robbed.

The Owl pharmacy at Hopkins was broken into and several small articles and \$7 in cash stolen Sunday night. Entrance was gained by breaking in through one of the display windows in the front.

QUARTET IS BROKEN.

By the Death of Col. Sayle of Grant City—Judge Ellison of This City a Member.

The Worth County Times in this week's issue had the following about the jolliest quartet of old-young men in Northwest Missouri, which was recently broken by the death of Col. E. O. Sayle of Grant City:

The other members of the quartet of friends are Judge W. C. Ellison, of Maryville, Judge Woodson Peery of Albany, and Judge A. W. Kelso of Grant City.

For a number of years it has been the custom of these friends to take their vacation together each summer on some of the lakes of the North. Colonel Sayle was a great fisher and loved to get out in a boat and fish; Judge Ellison is afraid of water and usually keeps his feet firmly implanted on Mother Earth. It is said, however, that upon one occasion Colonel Sayle induced Judge Ellison to get in a boat with him and go out on a lake. When they were out quite a distance from shore a high wind arose and the waves dashed high. Colonel Sayle was unafraid and laughed at Judge Ellison who declared they would be drowned the next minute. More laughter from Col. Sayle caused Judge Ellison to declare that he would be avenged on Colonel Sayle for getting him in the boat. They finally reached the shore in safety and the incident was forgotten by Colonel Sayle. At the next term of circuit court over which Judge Ellison presided in Grant City, Colonel Sayle dropped in one day to pay his respects to the Judge. When Judge Ellison saw Colonel Sayle enter the court room he ordered all proceedings stopped and also ordered that Colonel Sayle be brought before the court where he was promptly fined \$1,500. Of course, Judge Ellison later revoked the fine, but he had had revenge on Colonel Sayle.

Such was the friendship of these men. They thoroughly understood each other; the jokes they played on each other would fill a book. On their vacations they forgot that they were among the leading men of Missouri and became boys again; such is the spirit of true companionship.

But now the quartet is broken. Colonel Sayle is dead. Whether the other three will continue to make their annual visits to the North remains to be seen.

TWO CHURCHES HOLD REVIVALS.

Christian and Baptist Churches of Hopkins Arrange Special Services.

Revival services are being held at the Christian church of Hopkins, conducted by the Rev. R. L. Morrow of Lathan. The first service was held Wednesday night and the interest has been increasing nightly. The meeting will be continued indefinitely.

Beginning February 15, a series of meetings will be held at the Baptist church, the Rev. J. E. Turner of Chillicothe, assisting the pastor, the Rev. D. W. Griffith. The Rev. Mr. Turner is a singer of note as well as a splendid speaker. He has been in Hopkins on previous occasions and is popular with the people there.

ULMER ESTATE WORTH \$75,000.

Hopkins Estate Goes to Wife, Children and Other Relatives.

The will of George Ulmer, who died at his home at Hopkins last Saturday, was filed in probate court this afternoon. W. C. Pierce and George Ulmer, Jr., were appointed executors of the Ulmer estate, estimated to be worth between \$70,000 and \$80,000.

With the exception of \$20,000 to be loaned on real estate security by Executor Pierce, all the estate goes outright to relatives. The income from the \$20,000 investment goes to the wife, and on her death the principal is to be divided among the children.

Of the remainder, \$6,500 goes outright to Mrs. Ulmer, \$1,500 to Mrs. Baker, a daughter of his wife by a former marriage, \$500 to each of three children of a deceased daughter of his wife, \$4,500 to his son, Charles Ulmer, and the remainder is to be divided equally among his children.

LIVE STOCK INCREASED LITTLE.

Prices On All But Horses and Mules Advanced Last Five Years.

A live stock report of Missouri recently issued by the bureau of crop estimate showing the number of live stock and values for the last five years indicates the numbers have increased but little, but the values of all but horses and mules advanced. A report for the entire country shows about the same trend.

The Missouri report for 1915 follows:

	Number.	Value.
Horses	1,095,000	\$88.00
Mules	329,000	98.00
Milk cows	797,000	54.50
Other cattle	1,414,000	37.90
Sheep	1,490,000	5.00
Swine	4,250,000	8.10

Maryville Pastor Makes Address.

The Rev. S. D. Harkness, pastor of the First Presbyterian church, returned this morning from Hopkins, where he addressed a meeting of the Brotherhood of the Presbyterian church.

The meeting was held for the purpose of effecting a new organization of the Brotherhood and making plans for the various meetings. Addresses were made by Mr. Harkness and by C. E. Donlin and other members of the Brotherhood, after which a banquet was served.

Ex-Judge Enos Fast is the inventor of a new snow drag which is certainly proving a success. The drag is made of two 2x12 inch timbers twelve feet long. They are joined in a wedge shape and the team is hitched to the vertex of the angle, so the implement really resembles a plow more than a drag. When the big snow fell last week Mr. Fast hitched his team to the plow and cleared over three miles of road. It was a hard pull on the team but put the road in shape that it could be traveled with a light vehicle.—Burlington Junction Post.

CARRANZA MEN
ENTER CAPITAL

Obregon's Troops Take Possession of Mexico City.

FIGHTING IS QUICKLY OVER.

Rear Guard of Zapatista Army Leaves National Capital as Carranza Forces Enter—Shots From Roofs Cause Invasers to Open up Fusillade.

Mexico City, Jan. 29.—General Alvaro Obregon, the Carranza leader, at the head of his troops, entered Mexico City.

At first he met with little or no resistance, but when the national palace was reached shots from the cathedral roof and other buildings nearby caused his soldiers to open up a fusillade, which however, lasted but a short time. After the fighting was over a correspondent counted three persons lying dead in the plaza.

The rear guard of Zapatistas left the city as General Obregon entered, holding up street cars at the point of rifles in order to commandeer the same for transport as far as the suburbs.

Washington, Jan. 29.—Rogue Gonzales Garza, acting head of the government at Mexico City, whose flight from the capital was officially reported to the state department by American Consul Silliman, has been taken a prisoner to Morelos by Zapata forces, according to advices to the Carranza agency from San Antonio.

Another report said Monterey was occupied by Carranza forces. El Paso informed the agency that Villa forces admitted the loss of fourteen cannon and field pieces at the fall of Guadalupe.

NYRALL DIES OF WOUNDS

Minnesota Professor Shoots Man He Thought Was Burglar.

Minneapolis, Jan. 29.—Professor W. F. Allen of the anatomy department, University of Minnesota, was taken into custody by the police pending an investigation by the grand jury into the death of Earl Nyrrall, who was shot and fatally wounded in an alleged attempt to enter the Allen home.

Nyrrall died four hours after the shooting at a hospital, where, attendants said, he had explained that he believed it was his own home he was entering.

Professor Allen devoted his time in his cell to making examination papers. He asserted he had ordered Nyrrall to "halt" as the latter started from the house, and fired only when Nyrrall increased his speed.

WAR "FAN" SENT TO ASYLUM

Servian Arrested Three Times Carrying Arms Sent to Hospital.

Gary, Ind., Jan. 29.—Ell Rodish, a Servian steel worker, was arrested for the third time. For the last week Rodish has been wandering about the streets armed with sabers, revolvers, and rifles, singing the Servian national hymn. He told the police he wanted to go to war. A sanity commission sent Rodish to the state asylum at Logansport.

Bleasie's Records Missing.

"SYRUP OF FIGS" FOR
CONSTIPATED CHILD

Delicious "Fruit Laxative" Can't Harm Tender Little Stomach, Liver and Bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup company."

STATE RAILROADS KILLED \$30.

In 11 Months 6,202 Were Injured, State Commission Reports—Much Property Damaged.

Three hundred and eighty persons were killed and 6,202 were injured by railroads and other public carriers in Missouri during the first eleven months of 1914, according to the annual report of the state public service commission. The property damaged was \$269,598.02.

The report shows 1,045 corporations are serving the public in Missouri. Of these 446 are telephone companies, seventy-eight railroads, eighty-four street railways and 216 electrical companies.

During the year the commission collected \$95,659.15 in fees and turned them into the state treasury, the bulk coming from the tax on approval of issues of bonds and other securities by the railroad corporations.

No Indigestion, Gas, Spurness or Upset Stomach if You'll Take "Pape's Diapepsin"—Try This!

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large 50-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

**CALL RULE FAVORED
WESTERN SHIPPERS**

Resulted In Broadening of Market and Raise in Grain Prices.

Chicago, Jan. 29.—More testimony favorable to the call rule of the board of trade was presented in the hearing of the government's suit against the Chicago board of trade under the anti-trust act.

Hiram J. Sager, formerly a director and president of the board, testified that the call rule gave a better outlet to the market.

"After the call rule was established in 1906," said the witness, "there was a broadening of the market to the advantage of the western shippers."

David H. Harris, a board of trade member, testified that the net result of the call rule was to raise the prices paid to shippers at least one-half cent a bushel, by reason of enabling the broker to handle the grain under a small margin of profit.

NO LIFTING DRAFTS YET

Herrmann Says Matter Discussed, but No Action Taken.

Cincinnati, Jan. 29.—"The lifting of drafts in the American association would automatically raise it to major league standing," said Chairman August Herrmann of the national commission here.

"The national commission, however, has not yet taken up the matter of lifting the drafts in any of the minor leagues as yet. The matter has been discussed several times during the last year, but no action has been taken, and don't think any will be taken in the immediate future."

Mr. Herrmann had no comment to make in regard to the report that a number of changes were contemplated whereby cities with major league teams would be placed in the American association. "This is purely a matter between two or more leagues," he said.

WELCOMED TO JAPAN**

Tokyo, Jan. 29.—Professor Shaller Mathews of the University of Chicago and Rev. Sydney L. Gulick of New York, who were authorized at the annual convention of the federal council of the Churches of Christ in America, to go to Japan to "foster cordial relations between the United States and Japan," received an enthusiastic welcome from the Japanese and the delegation of foreigners who met them in Yokohama and escorted them to Tokyo. They spoke at a big welcome meeting arranged for them by the Federation of Churches.

The press is of the opinion that the visit, besides its religious object, is aimed at the promotion of friendly relations of Japan and America. The influential Osaka Mainichi and the Tokyo Nichi Nichi, in referring to Professor Mathews as a staunch devotee of international peace and a great figure in the religious world, thinks the visit will add another link to the chain of cordiality between the two peoples while stimulating religious sentiment as a source of spiritual happiness.

Take Case to Supreme Court.

In the suit of William M. Clark and three other children of Solomon Clark, who died at Pickering last year, against their step-mother, Eleanor Clark, notice of appeal to the supreme court was filed in court by plaintiffs. This action was taken after a jury last week decided for the step-mother and after Circuit Judge W. C. Ellison had overruled a motion of the plaintiffs for a new trial.

The children alleged that their father willed certain property in Pickering to Eleanor Clark through undue persuasion from her and because of his being of unsound mind.

Circuit Judge Arch E. Davis of Chillicothe was appointed a special judge yesterday to hear one of the tax bill suits.

Court will reconvene for a day, February 24, to hear the report of those previously appointed to apportion land involved in the partition suit of Ida E. Garrett and others against Elizabeth Caldwell and others.

PAID \$1,552 FOR 65 HOGS.

Ravenwood Firm Sells Hampshire Gilts at Good Prices Here—Highest Price \$66.

The sale of sixty-five Hampshire bred gilts by G. S. Lawson & Sons of Ravenwood at Gray's sale pavilion here last Friday brought a total of \$1,552.50, or an average of \$28.50 per head. The highest price paid for one hog was \$66, of which J. H. Meyers of Sabetha, Kan., paid for Opal No. 37, while \$16 was the least any hog brought.

Buyers from several states attended or mailed bids. Among the states represented were Missouri, Iowa, Indiana, Kansas, Illinois and Florida. The Dawson farm for years has contained some of the best grade of stock in that vicinity, Mr. Dawson, Sr., having started the breeding of the Hampshire gilts before coming here from Kentucky, many years ago.

50,998 AUTOS IN MISSOURI.

License Tax of All Motor Vehicles Nets State \$235,875 in 1914.

Claude D. Long, commissioner in charge of the state automobile registration department, has compiled figures showing that 50,998 automobile owners, 3,469 motorcyclists, 935 dealers and 6,381 chauffeurs obtained licenses up to January 1 last. The license fees netted \$235,875.50, which goes into the road fund of the state.

The number of automobiles in the state increased approximately 15,000 over 1913. St. Louis leads, with 11,908; Kansas City second, with 6,381; Jasper county third, with 1,726, and Buchanan county fourth, with 1,557. There is no county without an automobile owner.

TO LIMIT STOCK DEALERS' FEE.

State Measure Would Regulate Charges of Live Stock Commission Merchants.

A bill to regulate the scale of prices that may be charged by live stock commission merchants doing business at the Kansas City and St. Joseph stock yards has been introduced in the senate of the state legislature by Senator Glick of Holt county.

Under the Glick measure, live stock commission companies are declared public companies and must make annual financial reports to the secretary of state. The scale of prices fixed for commissions for selling stock is a reduction of about 20 per cent from the figures now charged. These are the maximum charges as fixed by the bill: Cattle, 50 cents a head, or not to exceed \$12 a car.

Hogs, 15 cents a head and not to exceed \$8 a car.

Mixed cars of cattle and hogs, 50 cents a head for cattle, 15 cents a head for hogs and 25 cents a head for calves entire car not to exceed \$14.

Sheep and goats, 12 cents a head, or \$8 for single-deck and \$12 for double-deck cars.

There is an emergency clause to the bill which declares that the excessive rates now charged by the commission men make it necessary that the act become effective as soon as passed and approved. This is a part of exactly the same line of legislation aimed at the Kansas City stock yards and commission men that was defeated in the assembly two years ago.

EXPECT 3,400 STATE BILLS.

Last Year 2,300 Were Introduced in Legislature—Each Costs \$177.94.

Three thousand four hundred bills is the number that will be introduced in the two houses of the Missouri legislature at the present session, according to the estimate of one of the state officials. At generally estimated cost of \$177.94 to the state for each bill presented, the total expenditure in this way would be \$605,200.

Last session 1,400 bills were introduced in the house, and 900 in the senate—a total of 2,300. If the official's guess is correct, the total this year will jump 1,100. Of the increase, he expects at least 400 to come from the different commissions—code revision, with eighteen bills; the commission to purge the statutes of obsolete, duplicated, and unconstitutional laws, with 140 measures; the insurance and other commissions, with bills that will bring the total up to at least 200 for each house, the bills being introduced simultaneously in the senate and house.

HEAVY FIGHTING IN ALL ZONES

Armies of Allies and Foes Battle
From Suez to Channel.

LAST FEW DAYS MOST BLOODY

Everybody Sees Triumph For Own Side, but Positions Remain Relatively the Same—Austro-Germans Take Passes From Russians.

WAR SUMMARY

Heavy fighting in the western war zone, seemingly, again has deteriorated into sporadic artillery duels and infantry attacks.

Russian arms received a check, Vienna says, and eastern Hungary to the south of the Carpathians is cleared of Muscovites. Several towns were taken from them and in addition 700 prisoners and five machine guns captured.

The Austro-Hungarian foreign minister requested Secretary Bryan that the American ambassador at Petrograd make representations to the Russian government for the better protection of Austrian and German prisoners of war. Secretary Bryan complied with the request.

The expenditures of France on account of the war for six months have amounted to \$780,000,000.

London, Jan. 29.—There have been engagements in all the arenas from Asiatic Turkey to the English channel, in which the losses in men and material probably have been greater in the aggregate than in many of the battles of history.

According to the French reports, the attacks the Germans delivered against the allied lines in Flanders, France and Alsace on the first three days of the week cost them 20,000 men, to which must be added the losses suffered in their repeated attacks on the Russian entrenchments in central Poland.

All the attacks in the west, the announcements of the allies say, met with failure, except near Craonne, where it is admitted the French lost 800 men, largely because of the collapse of an old quarry.

The Germans, on the other hand, assert they inflicted a severe defeat on the French at Craonne and that they repulsed all the French attacks in the Vosges and upper Alsace with heavy losses.

While it is evident these attacks and counter attacks cost both sides heavily, they made no great difference in the relative positions of the opposing armies. They convey the intimation, however, that the Germans have by no means given up the idea of a smashing blow at the allied armies.

Germans Become Active.

With the approach of drier weather and the consequent hardening of the ground they brought up new troops with the intention of getting in their blow before the full strength of the Anglo-French forces was ready to meet them.

Thus far they have made little, if any, headway, but, undismayed, are sending still more troops through Belgium to Ypres and La Bassee, where earlier in the winter they attempted to break their way through to the coast. Knowing, as they must, that the Anglo-French armies have been greatly strengthened since then, they themselves must have increased their striking power.

The allies, however, are confident of their ability to hold their present lines and move forward when all preparations are completed.

In the east, interest centers in the Carpathians, where the Austro-Germans have brought up new armies to oppose the Russian invasion of Hungary. According to announcements in Vienna they have recaptured some of the passes the Russians were holding in strength.

WILL OF ZIMMERMAN

Leaves Estate in Trust For Daughter, Nothing For Her Creditors.

Cincinnati, Jan. 29.—The Duke of Manchester is not mentioned in the will of the late Eugene Zimmerman, railroad magnate and capitalist, which was filed for probate here. The value of the estate is not given in the will. It is provided that the entire estate must be held in trust. Following the death of the Duchess of Manchester, Mr. Zimmerman's daughter, the estate must be held in trust for a period of twenty-one years.

The income from the estate must be paid to the duchess as long as she lives. A paragraph in the will reads: "But under no circumstances are the trustees to pay to my daughter any sum to satisfy the claims of any creditor of my daughter."

Germans Report Two Victories.

Berlin, Jan. 29.—Victory for German troops in two important engagements along the western front is announced in an official communication from the war office. In the region of Craonne another section of the trenches of the allies was captured, the report states, and in upper Alsace the French retreated in disorder after suffering heavy losses in attacks on the German positions. In the eastern campaign two small defeats of the Russians are reported.

BALANCE IN TREASURY SLOWLY DROPPING

No Immediate Action to Increase
Government's Revenues.

Washington, Jan. 29.—Administration leaders in conference with President Wilson decided that there was no immediate need for legislative action to increase the government's revenues. Secretary McAdoo of the treasury announced it had agreed that at the end of the fiscal year that the government would better know the effects of the European war and what, if anything, is necessary to be done.

Mr. McAdoo declared that he still stood by his estimate of the government's revenue for the fiscal year ending next June, which, compared with his estimate of expenditures, would leave a deficit of \$10,000,000.

The net balance in the treasury is about \$56,000,000. It is slowly dropping.

Shouts Dissatisfied With Handling of
Wreck Case.

Albany, N. Y., Jan. 29.—Removal of Coroner Patrick D. Riordan of New York is sought in a complaint filed by attorneys for Theodore F. Shonta, president of the Interborough Rapid Transit company, with Governor Whitman.

Most of the charges concern the coroner's handling of an inquiry into a recent elevated railroad wreck in New York city. On that occasion the coroner is said to have neglected his duty, falsely and maliciously caused the arrest of officials of the company, refused the proffered assistance of the district attorney, "drank from a bottle" and indulged in "low wit."

"Mother" Jones Issues Statement.

New York, Jan. 29.—"Mother" Jones, the aged strike leader and labor organizer, in a typewritten statement she distributed at the hearing of the commission on industrial relations, termed the scheme of collective bargaining recently inaugurated by the Colorado Fuel and Iron company in Colorado as "hypocritical and dishonest pretense." She said, however, that she did not believe that John D. Rockefeller, Jr., understood this, and she expressed the hope that he would go to Colorado while the ashes of Ludlow are still hot so that he might see for himself and understand the entire situation.

Attempt Made to Kill King of Greece.

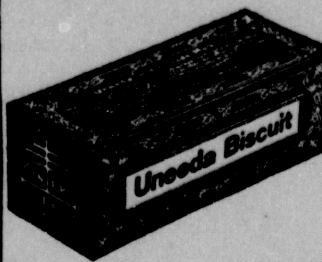

London, Jan. 29.—An Exchange Telegraph dispatch from Copenhagen gives a report that an attempt was made to assassinate King Constantine of Greece. The attempt on the life of the king, according to the rumor, was made at Patras, Greece.

NEW TYPE OF SHELL IS USED BY GERMANS

London, Jan. 29.—A recital of recent developments in the war by the official observer attached to British military headquarters given out here includes a description of new projectiles employed by the Germans. "In some parts of our front the Germans are firing a new type of high explosive shell, detonating with a cloud of thick white smoke," the report says. "Their mine thrower also occasionally throws a very large gray bomb, or aerial torpedo, three feet, nine inches long and nearly ten inches wide. It weighs more than 200 pounds. 'The anticipations of the enemy as to the possible duration of the war,' the statement continues, 'are shown by the measures they are taking for any shortage in certain classes of food. In some towns orders have been issued that all kitchen refuse not required by the inhabitants to feed to their own animals, shall be saved and handed over to the authorities.'

HE FORGED MANY CHECKS, IS BELIEF

BURNS DETECTIVE COMES HERE TO QUIZ E. F. STEINBERG.

OPERATED IN FIVE STATES IN WEST

Kansas City Expert Believes Local Jail Breaker and Passer of Bogus Checks is Experienced.

That worthless checks ranging in value from \$15 to \$75, passed in various towns and cities of Texas, Nebraska, Iowa and Missouri since last July, were the work of E. F. Steinberg, now in the county jail here, is the opinion of B. V. Henson, representing the William J. Burns international detective agency of New York. He was here yesterday to "quiz" Steinberg.

Mr. Henson came here at noon yesterday from Kansas City on orders from the head offices at New York. The order was made following complaint of the American Bankers' association, which the Burns agency represents. Mr. Henson spent the afternoon in consultation with Prosecuting Attorney William G. Sawyers, Sheriff Edwin Wallace, and in questioning Steinberg. Steinberg denies it all.

Before leaving last night, Mr. Henson had several photographs of Steinberg taken for use in a further investigation of the widespread forgery complaints.

Steinberg denied emphatically to Henson yesterday that he had ever passed any worthless checks other than the three for \$18.25 at Hopkins, December 29, for which he was sentenced to the state prison. Despite this, however, Henson is firm in the belief that Steinberg has operated the check and draft forgery game for the last half year within the five western states.

"These checks were signed either by A. C. Ward, W. F. Ward or C. F. Ward in each instance," said Mr. Henson. In each complaint registered with us in description of the forger resembled remarkably the appearance of Steinberg, with but one exception. This was the advice that the forger had two holes on the right side of his face near the right eye. Steinberg has not got them, but on close scrutiny I found that two scars showed such facial marks had been removed recently."

Await Steinberg's Release.

The complaint on which Steinberg will be prosecuted by the American Bankers' association when Steinberg is released, five years hence, from the state penitentiary is from the Houston national bank of Wichita Falls, Texas, where a worthless draft for \$75 was cashed.

The first worthless check which Henson believes Steinberg passed was last July at Wichita Falls. Others in turn showed up in several cities of Wyoming, several cities of Nebraska, nearly half dozen in Iowa and several in Missouri. Still it is the belief of the Burns detective that Steinberg is not an old hand at the game.

"I do believe, however, that he has spent some time in jails of this country and has gained considerable experience within the short six months," said Mr. Henson.

This is the reason Steinberg refused to tell his past when questioned by Circuit Judge W. C. Ellison before being sentenced, thereby adding three years to his sentence, it is believed. The skill which he used in making his escape recently from the county jail, also showed experience.

FORMER RESIDENT DIES.

W. F. Wade, Skidmore Druggist, Dies in Washington.

Word has been received of the death of W. F. Wade, formerly of Skidmore, who died Monday, January 25, at his home in Anacortes, Wash. Death was due to tuberculosis of the throat, with which Mr. Wade had been suffering several years.

Mr. Wade was engaged in the drug business while living at Skidmore. With his family he left there in 1909, seeking benefit in going to the western climate.

SETTLE CITY SUITS

LONG LITIGATION OVER PAYING TAX FINALLY ENDS.

TERM IS NEAR AN END

January Docket Almost Purged—Adjourn to February 24—Some Suits Dismissed or Continued.

A majority of the two dozen or more suits of the city of Maryville to collect special taxes assessed in 1906 for street paving improvements which have been in the courts for term after term, were finally settled in various ways in circuit court yesterday, just prior to adjournment, until February 24. In most of the cases settlement out of court was obtained and only formal dismissal made in court.

The suits were brought by the city after a number of persons owning property abutting on the paved streets had refused to pay the special tax. The amounts ranged from \$87.50 per individual to as high as \$336.50, while the average was about \$160. But with the extra court assessments and counsel fees, many will have to pay almost double the city assessment.

For Paving Eight Years Ago.

Most of the paving for which special tax was sued for was on East Second street. Some was on West Third and Fourth streets and North Main street. The second street paving was ordered by the council in August, 1906, so that most of the suits are eight years old.

The tax bill suits of the city, action on which were announced in court were against John P. Hawkins and Mrs. Hawkins, his wife, judgment; A. M. Bright and others, dismissed; J. B. Bratcher and others, continued; James A. Conklin and others, judgment; Frank Barmann and others, continued; J. E. Costello and others, judgment; Mary Costello, judgment; Oliver P. Wade and others, continued; Martha E. Smith and others, judgment; Edith Stultz, judgment; Frank Shoemaker, continued; Richard Snyder and others, settled and dismissed; O. K. Herndon, continued; William J. Wilson, judgment; Thomas Holmes and Dacey Holmes, settled and dismissed; William Murphy and others, continued; Mary R. Coleman and others, defendants dead, suit is revived against their heirs and case set for April term.

Continued Several Cases.

Other civil suits on which action was taken were:

Martin Borrusch and others against James W. Herndon, contract; continued.

Laura E. Cloud against Royal Casualty company, contract; continued.

Elizabeth Prather against Connecticut Fire Insurance company, contract; continued by agreement.

T. W. Costello against Edwin Wallace, replevin; continued.

H. W. Clark against Clellan White and others, attachment; defendant defaults, jury waived and court awards judgment to plaintiff.

State against Everett L. Morgan, ouster proceedings in Graham consolidated school controversy; continued.

John W. Barker against Joseph W. Hays and others, perfect title; decree. Irene New against Gernie C. New, perfect title; dismissed at costs to each.

Dorothy Burroughs against William Burroughs, divorce; defendant defaults, decree to plaintiff and restoration of maiden name, Dorothy Conklin.

Bert Cornwell against James A. Kavanaugh, motion to retax costs; continued.

Katherine Riley against Annan Lynch and others, partition; dismissed. City of Maryville against Sarah E. Murray, tax bill; continued.

John Kane against Joseph Binter, note; continued.

UPHOLD STANDARD

BAPTIST EVANGELIST DECLARES CHURCHES SHOULD BE STRICT.

SOME TOO INCONSISTENT

"Church That Lets Christ's Standard Fall Lowers Its Own"—Would Be Man Above All Else.

"Inconsistent living of a Christian life is the most damnable thing one can be guilty of.

"Any church that will allow the standard of Christ to be lowered will lower its standard also.

"This inconsistent living makes people doubt our Father."

These words were burned into the minds and hearts of 800 men, women and children by Evangelist A. E. Burch at the First Baptist church revival last night. In conclusion of which twenty-four persons walked to the front and confessed conversion, making a total of 172 so far converted in the special evangelistic services.

Before the service began last night, thirty-four persons who have joined since the revival began, were baptized. The topic last night was "Seeing Eyes."

Evangelist Burch said in part:

"Our seeing eyes are the eyes through which we see God in nature. We know not how it is. This is one of God's secrets. Our hearts are the moral sense with which we see. They are the 'seeing eyes' through which we see God.

"It is wonderful to be a man with our wonderful powers to see and know things. I would rather be a man than all else God ever created. And you know I believe when we see God we will see Him in the form and shape of a man. He is our own great loving Father with a personality and a being. We are fashioned in His likeness. "How can a man look upon nature without realizing there is a God, without seeing God in nature? Even the tiniest flower, in its beauty and fragrance, makes one think of Him. We can't destroy that fragrance. And so it is with life—the beauty and love of God can never be destroyed.

Church Must Uphold Standards.

"Seeing eyes see the progress of the gospel in this old world. Inconsistent living of a Christian is the most damnable thing one can be guilty of. Any church that will allow the standard of Christ to be lowered will lower its standard also. This inconsistent living makes people doubt our Father. It's up to us to live the lives that will remind unsaved people of God.

"People aren't going to be saved by us simply asking God. We must work and live for them. Work goes along with prayer. We can't expect to win this town to God unless men, women and children are on our hearts.

"And yet this is the most blessed and the sweetest age the world has ever seen in spite of all the evil existing. I believe that you and I, instead of planning for a long life and old age, should plan to make things better right now, just as we go along.

"Beyond the grave there are two destinies for us: We shall either suffer and bear a cross, or have the joy of wearing the victor's crown.

NODAWAY SENDS 30 TO M. U.

Is Seventh County in State in Number of Students in University.

With the exception of seven counties, every county in the state of Missouri sends one or more students to the University of Missouri at Columbia.

Boone county, of course, being the home of the University sends the most students, 521. The two counties in which the two largest cities in the state are located come next, Jackson county sending 257, and St. Louis, 224. Jasper is next with 80, and then comes Buchanan with 61, Pettis 49, Audrain 33, and Lafayette, Nodaway and Linn 30 each.

Worth county, with but an area of 270 square miles, sends 13 students, the largest in the state, Texas, sends two students.

Atchison county, in the extreme northwest corner of the state, sends 11 students; Clark county, in the extreme northeast corner, sends 7; McDonald county in the extreme southeast corner, sends 3; and Dunklin county, in the extreme southeastern part, sends 7.

EXPECT GOOD GAME

NORMAL AND WESLEYAN BASKET BALL PLAYERS CLASH TONIGHT.

TARKIO BEAT IT 26-20

Although Cameron Students Lost Last Night, They Played Better Than William Jewell, Reported

The undefeated Maryville Normal school basketball team will play the Missouri Wesleyan College team in the Normal school gymnasium tonight at 8:00 o'clock.

Although the Wesleyan team has made a poor start this season, it seems to have gained form in the last week or two and are now playing a whirlwind game. The Wesleyans played Tarkio college last night at Tarkio and were defeated by a 20-26 count. The report comes that they displayed a better article of basketball than did the William Jewell team which played there a week ago.

Expect a Hard Fight.

This means that the Maryville Normals will have a hard task on its hands tonight if it defeats the Methodist team.

Morris Riley of the Kansas City Athletic Club will referee the game. Riley is a star forward of the Battery B team of Kansas City, and knows the game from every angle.

The line-up which will probably start the game for the Normal is: Vandersloot, Leech, forwards; Scarlett, center; Scott, McClintock, guards.

The Normal school yell leaders practiced with the student body in the assembly this morning and considerable spirit was aroused for the game.

A large audience is expected to attend including a number of former Normal students who are teaching in the vicinity of Maryville.

The Normal team will meet the Tarkio team on the Tarkio court February 5, when one of the hardest games of the season is expected.

NEARBY PLACES WERE COLDER.

Maryville Was Six Degrees Warmer Than Bedford—Temperature Rises Fast.

Several other towns within close proximity to Maryville report much lower temperatures in the present cold wave than was observed here. Bedford, Ia., reports the government reading at 24 degrees below zero yesterday, while Stanberry officially gives the low ebb at 22 degrees. The lowest temperature here was 18 degrees below zero.

A rapid rise in temperature is reported within the last day by J. R. Brink. At 7 o'clock this morning the readings for the twenty-four hours previous showed the minimum to be 1 degree above zero and the maximum 11 degrees.

SCHOOL CLUBS TO MEET.

"Social Center" Organizations Have Postponed Sessions Tonight—Social Follows.

The various "social center" clubs of the grade and high school students of the Washington school building will meet at the Washington building tonight in postponed sessions. No special programs have been prepared by the leaders of any of the clubs, it is said.

Following the individual club meetings all will gather in the auditorium or hallway to spend an hour in playing games, singing and in a general social time.

CHRISTIAN MEN TO ELECT.

Church Brotherhood Will Choose New Officers for Year Tonight.

The annual election of officers for the ensuing year will be held tonight in the church by the Men's Brotherhood of the First Christian church. The Brotherhood now has a membership of about a half hundred and is quite active in all church work.

The present Brotherhood officers are: President, F. L. Flynt; vice president, Henry Westfall; secretary, John McDougal; treasurer, Edward Gray.

TAKE 3 TO STATE PRISONS.

Sheriff Will Place Two in Penitentiary and One in Reformatory.

Sheriff Edwin Wallace and Deputy Sheriff Gabe Purcell of Conception left this morning with those persons sentenced to prison terms at the January term of circuit court, which adjourned yesterday. E. F. Steinberg, sentenced to serve five years for larceny, and Harry Whalen, sentenced for two years for robbery, will be placed in the penitentiary at Jefferson City.

Clarence Gossard of Burlington Junction, sentenced to serve two years in the state training school for boys for theft, also was taken along. He will be left at Boonville.

Mr. and Mrs. J. J. Lanthicum of southwest of Maryville, were shopping in Maryville today.

OBSERVE ITS BIRTH

WAGE EARNERS CELEBRATE WITH BANQUET AND SPEAKING.

FOUNDER CAN NOT COME

The Rev. J. D. Randolph, Who Organized Buchanan Street Class, Will Be Absent—Rearrange Program.

When the 100 members of the Wage Earners class of the Buchanan Street Methodist church meet tonight to celebrate, by banquet and speaking, its second anniversary, one face, that of its founder, the Rev. J. D. Randolph of Fayette, will be absent. This knowledge perhaps places a bigger regret than all else in the hearts of the loyal men church workers.

The inability of Mr. Randolph to attend the celebration tonight was caused through his having to go to the bedside of his mother in Kentucky. She is said to be very ill and not expected to survive. This was the message received today by M. A. Peery, chairman of the social committee.

But Mr. Randolph's place on the speaking program tonight will be filled by C. B. Duncan of St. Joseph, a member and loyal worker in a Wage Earners class there. He will take Mr. Randolph's address, "Dangers and Opportunities."

Postpone Election a Week.

Several other changes in the program also have been made. Through the inability of Jesse Modie of St. Joseph to attend tonight's banquet, Roy D. Bealls of St. Joseph will speak instead on "What We Can Do." He will represent chapter No. 2 there.

It is not believed either than C. D. Cavallero of San Jose, Cal., will attend the banquet. He was to address the audience on "Religious Clubs versus Others," and to represent San Jose chapter, No. 6, of the Wage Earners.

As far as is now known the remainder of the schedule will be carried out as previously announced, except that the election of officers of the local grand chapter will not be held until next Friday night, February 5.

Banquet Begins at 7:30.

The banquet will be held in the annex to the Buchanan Street church, beginning at 7:30 o'clock. The speaking will follow. Plates will be laid for 100.

The first address will be made by the Rev. John H. Hubbard, church pastor, on "Friendship." He will represent the local chapter. The address by Mr. Bealls will follow.

Other addresses in order will be delivered as follows:

"Social Enjoyments for Wage Earners," W. C. Cowart, Hamilton chapter, No. 3, Kirksville.

"Organized Classes as Aids to Church," A. B. Coffman, Brown chapter, No. 4, Columbia.

"Effects to Organized Classes," W. E. Brown, Cleveland Avenue chapter, No. 5, Kansas City.

"Dangers and Opportunities," Roy B. Duncan, St. Joseph.

QUARTET IS BROKEN.

By the Death of Col. Sayle of Grant City—Judge Ellison of This City a Member.

The Worth County Times in this week's issue had the following about the jolliest quartet of old-young men in Northwest Missouri, which was recently broken by the death of Col. E. O. Sayle of Grant City:

The other members of the quartet of friends are Judge W. C. Ellison, of Maryville, Judge Woodson Peery of Albany, and Judge A. W. Kelso of Grant City.

For a number of years it has been the custom of these friends to take their vacation together each summer on some of the lakes of the North. Colonel Sayle was a great fisher and loved to get out in a boat and fish; Judge Ellison is afraid of water and usually keeps his feet firmly implanted on Mother Earth. It is said, however, that upon one occasion Colonel Sayle induced Judge Ellison to get in a boat with him and go out on a lake. When they were out quite a distance from shore a high wind arose and the waves dashed high. Colonel Sayle was unafraid and laughed at Judge Ellison who declared they would be drowned the next minute. More laughter from Col. Sayle caused Judge Ellison to declare that he would be avenged on Colonel Sayle for getting him in the boat. They finally reached the shore in safety and the incident was forgotten—by Colonel Sayle. At the next term of circuit court over which Judge Ellison presided in Grant City, Colonel Sayle dropped in one day to pay his respects to the Judge. When Judge Ellison saw Colonel Sayle enter the court room he ordered all proceedings stopped and also ordered that Colonel Sayle be brought before the court where he was promptly fined \$1,500. Of course, Judge Ellison later revoked the fine, but he had had revenge on Colonel Sayle.

Such was the friendship of these men. They thoroughly understood each other; the jokes they played on each other would fill a book. On their vacations they forgot that they were among the leading men of Missouri and became boys again; such is the spirit of true companionship.

But now the quartet is broken. Colonel Sayle is dead. Whether the other three will continue to make their annual visits to the North remains to be seen.

TWO CHURCHES HOLD REVIVALS.

Christian and Baptist Churches of Hopkins Arrange Special Services.

Revival services are being held at the Christian church of Hopkins, conducted by the Rev. R. L. Morrow of Lathan. The first service was held Wednesday night and the interest has been increasing nightly. The meeting will be continued indefinitely.

Beginning February 15, a series of meetings will be held at the Baptist church, the Rev. J. E. Turner of Chillicothe, assisting the pastor, the Rev. D. W. Griffith. The Rev. Mr. Turner is a singer of note as well as a splendid speaker. He has been in Maryville on previous occasions and is popular with the people there.

ULMER ESTATE WORTH \$75,000.

Hopkins Estate Goes to Wife, Children and Other Relatives.

The will of George Ulmer, who died at his home at Hopkins last Saturday, was filed in probate court this afternoon. W. C. Pierce and George Ulmer, Jr., were appointed executors of the Ulmer estate, estimated to be worth between \$70,000 and \$80,000.

With the exception of \$20,000 to be loaned on real estate security by Executor Pierce, all the estate goes outright to relatives. The income from the \$20,000 investment goes to the wife, and on her death the principal is to be divided among the children.

Of the remainder, \$6,500 goes outright to Mrs. Ulmer, \$1,500 to Mrs. Baker, a daughter of his wife by a former marriage, \$500 to each of three children of a deceased daughter of his wife, \$4,500 to his son, Charles Ulmer, and the remainder is to be divided equally among his children.

LIVE STOCK INCREASED LITTLE.

Prices On All But Horses and Mules Advanced Last Five Years.

A live stock report of Missouri recently issued by the bureau of crop estimate showing the number of live stock and values for the last five years indicates the numbers have increased but little, but the values of all but horses and mules advanced. A report for the entire country shows about the same trend.

The Missouri report for 1915 follows:

	Number.	Value.
Horses	1,095,000	\$88.00
Mules	329,000	98.00
Milk cows	797,000	54.50
Other cattle	1,414,000	37.90
Sheep	1,490,000	5.00
Swine	4,250,000	8.10

Maryville Pastor Makes Address.

The Rev. S. D. Harkness, pastor of the First Presbyterian church, returned this morning from Hopkins, where he addressed a meeting of the Brotherhood of the Presbyterian church.

The meeting was held for the purpose of effecting a new organization of the Brotherhood and making plans for the various meetings. Addresses were made by Mr. Harkness and by C. E. Donlin and other members of the Brotherhood, after which a banquet was served.

Ex-Judge Enos Fast is the inventor of a new snow drag which is certainly proving a success. The drag is made of two 2x12 inch timbers twelve feet long. They are joined in a wedge shape and the team is hitched to the vertex of the angle, so the implement really resembles a plow more than a drag. When the big snow fell last week Mr. Fast hitched his team to the plow and cleared over three miles of road. It was a hard pull on the team but put the road in shape that it could be traveled with a light vehicle.—Burlington Junction Post.

CARRANZA MEN ENTER CAPITAL

Obregon's Troops Take Possession of Mexico City.

FIGHTING IS QUICKLY OVER.

Rear Guard of Zapatista Army Leaves National Capital as Carranza Forces Enter—Shots From Roofs Cause Invasions to Open up Fusillade.

Mexico City, Jan. 29.—General Alvaro Obregon, the Carranza leader, at the head of his troops, entered Mexico City.

At first he met with little or no resistance, but when the national palace was reached shots from the cathedral roof and other buildings nearby caused his soldiers to open up a fusillade, which however, lasted but a short time. After the fighting was over a correspondent counted three persons lying dead in the plaza.

The rear guard of Zapatistas left the city as General Obregon entered, holding up street cars at the point of rifles in order to commandeer the same for transport as far as the suburbs.

Washington, Jan. 29.—Roque Gonzales Garza, acting head of the government at Mexico City, whose flight from the capital was officially reported to the state department by American Consul Silliman, has been taken a prisoner to Morelos by Zapata forces, according to advices to the Carranza agency from San Antonio.

Another report said Monterey was occupied by Carranza forces. El Paso informed the agency that Villa forces admitted the loss of fourteen cannon and field pieces at the fall of Guadalupe.

NYRALL DIES OF WOUNDS

Minnesota Professor Shoots Man He Thought Was Burglar.

Minneapolis, Jan. 29.—Professor W. F. Allen of the anatomy department University of Minnesota, was taken into custody by the police pending an investigation by the grand jury into the death of Earl Nyrall, who was shot and fatally wounded in an alleged attempt to enter the Allen home.

Nyrall died four hours after the shooting at a hospital, where, attendants said, he had explained that he believed it was his own home he was entering.

Professor Allen devoted his time in his cell to making examination papers. He asserted he had ordered Nyrall to "halt" as the latter started from the house, and fired only when Nyrall increased his speed.

"SYRUP OF FIGS" FOR CONSTIPATED CHILD

Delicious "Fruit Laxative" Can't Harm Tender Little Stomach, Liver and Bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup company."

STATE RAILROADS KILLED \$80.

In 11 Months 6,202 Were Injured, State Commission Reports—Much Property Damaged.

Three hundred and eighty persons were killed and 6,202 were injured by railroads and other public carriers in Missouri during the first eleven months of 1914, according to the annual report of the state public service commission. The property damaged was \$269,598.02.

The report shows 1,045 corporations are serving the public in Missouri. Of these 446 are telephone companies, seventy-eight railroads, eighty-four street railways and 216 electrical companies.

During the year the commission collected \$95,659.15 in fees and turned them into the state treasury, the bulk coming from the tax on approval of issues of bonds and other securities by the railroad corporations.

No Indigestion, Gas, Sourness or Upset Stomach if You'll Take "Pape's Diapepsin"—Try This!

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large 50-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

CALL RULE FAVORED
WESTERN SHIPPERS

Resulted In Broadening of Market and Raise in Grain Prices.

Chicago, Jan. 29.—More testimony favorable to the call rule of the board of trade was presented in the hearing of the government's suit against the Chicago board of trade under the anti-trust act.

Hiram J. Sager, formerly a director and president of the board, testified that the call rule gave a better outlet to the market.

"After the call rule was established in 1906," said the witness, "there was a broadening of the market to the advantage of the western shippers." David H. Harris, a board of trade member, testified that the net result of the call rule was to raise the price paid to shippers at least one-half cent a bushel, by reason of enabling the broker to handle the grain under a small margin of profit.

NO LIFTING DRAFTS YET

Herrmann Says Matter Discussed, but No Action Taken.

Cincinnati, Jan. 29.—"The lifting of drafts in the American association would automatically raise it to major league standing," said Chairman August Herrmann of the national commission here.

"The national commission, however, has not yet taken up the matter of lifting the drafts in any of the minor leagues as yet. The matter has been discussed several times during the last year, but no action has been taken, and don't think any will be taken in the immediate future."

Mr. Herrmann had no comment to make in regard to the report that a number of changes were contemplated whereby cities with major league teams would be placed in the American association. "This is purely a matter between two or more leagues," he said.

Commission to Probe Transport Issues.
New York, Jan. 29.—Frank P. MATHEWS AND GULICK
WELCOMED TO JAPAN

Tokyo, Jan. 29.—Professor Shaller Mathews of the University of Chicago and Rev. Sydney L. Gulick of New York, who were authorized at the annual convention of the federal council of the Churches of Christ in America, to go to Japan to "foster cordial relations between the United States and Japan," received an enthusiastic welcome from the Japanese and the delegation of foreigners who met them in Yokohama and escorted them to Tokyo. They spoke at a big welcome meeting arranged for them by the Federation of Churches.

The press is of the opinion that the visit, besides its religious object, is aimed at the promotion of friendly relations of Japan and America. The influential Osaka Mainichi and the Tokyo Nichi Nichi, in referring to Professor Mathews as a staunch devotee of international peace and a great figure in the religious world, thinks the visit will add another link to the chain of cordiality between the two peoples while stimulating religious sentiments as a source of spiritual happiness.

Take Case to Supreme Court.

In the suit of William M. Clark and three other children of Solomon Clark, who died at Pickering last year, against their step-mother, Eleanor Clark, notice of appeal to the supreme court was filed in court by plaintiffs. This action was taken after a jury last week decided for the step-mother and after Circuit Judge W. C. Ellison had overruled a motion of the plaintiffs for a new trial.

The children alleged that their father willed certain property in Pickering to Eleanor Clark through undue persuasion from her and because of his being of unsound mind.

Circuit Judge Arch E. Davis of Chillicothe was appointed a special judge yesterday to hear one of the tax bill suits.

Court will reconvene for a day, February 24, to hear the report of those previously appointed to apportion land involved in the partition suit of Ida E. Garrett and others against Elizabeth Caldwell and others.

PAID \$1,852 FOR 65 HOGS.

Ravenwood Firm Sells Hampshire Gilts at Good Prices Here—Highest Price \$66.

The sale of sixty-five Hampshire bred gilts by G. S. Lawson & Sons of Ravenwood at Gray's sale pavilion here last Friday brought a total of \$1,852.50, or an average of \$28.50 per head. The highest price paid for one hog was \$66, of which J. H. Meyers of Sabetha, Kan., paid for Opal No. 27, while \$16 was the least any hog brought.

Buyers from several states attended or mailed bids. Among the states represented were Missouri, Iowa, Indiana, Kansas, Illinois and Florida. The Dawson farm for years has contained some of the best grade of stock in that vicinity, Mr. Dawson, Sr., having started the breeding of the Hampshire gilts before coming here from Kentucky, many years ago.

50,998 AUTOS IN MISSOURI.

License Tax of All Motor Vehicles Nets State \$235,875 in 1914.

Claude D. Long, commissioner in charge of the state automobile registration department, has compiled figures showing that 50,998 automobile owners, 3,469 motorcyclists, 935 dealers and 6,381 chauffeurs obtained licenses up to January 1 last. The license fees netted \$235,875.50, which goes into the road fund of the state.

The number of automobiles in the state increased approximately 15,000 over 1913. St. Louis leads, with 11,908; Kansas City second, with 6,381; Jasper county third, with 1,726, and Buchanan county fourth, with 1,557. There is no county without an automobile owner.

State Measure Would Regulate Charges of Live Stock Commission Merchants.

A bill to regulate the scale of prices that may be charged by live stock commission merchants doing business at the Kansas City and St. Joseph stock yards has been introduced in the senate of the state legislature by Senator Glick of Holt county.

Under the Glick measure, live stock commission companies are declared public companies and must make annual financial reports to the secretary of state. The scale of prices fixed for commissions for selling stock is a reduction of about 20 per cent from the figures now charged. These are the maximum charges as fixed by the bill.

Cattle, 50 cents a head, or not to exceed \$12 a car.

Hogs, 15 cents a head and not to exceed \$8 a car.

Mixed cars of cattle and hogs, 50 cents a head for cattle, 15 cents a head for hogs and 25 cents a head for calves entire car not to exceed \$14.

Sheep and goats, 12 cents a head, or \$8 for single-deck and \$12 for double-deck cars.

There is an emergency clause to the bill which declares that the excessive rates now charged by the commission men make it necessary that the act become effective as soon as passed and approved. This is a part of exactly the same line of legislation aimed at the Kansas City stock yards and commission men that was defeated in the assembly two years ago.

EXPECT 3,400 STATE BILLS.

Last Year 2,300 Were Introduced in Legislature—Each Costs \$177.94.

Three thousand four hundred bills is the number that will be introduced in the two houses of the Missouri legislature at the present session, according to the estimate of one of the state officials. At generally estimated cost of \$177.94 to the state for each bill presented, the total expenditure in this way would be \$605,200.

Last session 1,400 bills were introduced in the house, and 900 in the senate—a total of 2,300. If the official's guess is correct, the total this year will jump 1,100. Of the increase, he expects at least 400 to come from the different commissions—code revision, with eighteen bills; the commission to purge the statutes of obsolete, duplicated, and unconstitutional laws, with 140 measures; the insurance and other commissions, with bills that will bring the total up to at least 200 for each house, the bills being introduced simultaneously in the senate and house.

They Now "Check" Babies.

The latest improved addition to the "Billy" Sunday meetings is a check-room for babies. After the sermon the mother presents her child to the trained nurse in charge and receives her child, which has been cared for as well as if she had done it herself.

LAST FEW DAYS MOST BLOODY

Everybody Sees Triumph For Own Side, but Positions Remain Relatively the Same—Austro-Germans Take Passes From Russians.

WAR SUMMARY

Heavy fighting in the western war zone, seemingly, again has deteriorated into sporadic artillery duels and infantry attacks.

Russian arms received a check, Vienna says, and eastern Hungary to the south of the Carpathians is cleared of Muscovites. Several towns were taken from them and in addition 700 prisoners and five machine guns captured.

The Austro-Hungarian foreign minister requested Secretary Bryan that the American ambassador at Petrograd make representations to the Russian government for the better protection of Austrian and German prisoners of war. Secretary Bryan complied with the request.

The expenditures of France on account of the war for six months have amounted to \$780,000,000.

London, Jan. 29.—There have been engagements in all the arenas from Asiatic Turkey to the English channel, in which the losses in men and material probably have been greater in the aggregate than in many of the battles of history.

According to the French reports, the attacks the Germans delivered against the allied lines in Flanders, France and Alsace on the first three days of the week cost them 20,000 men, to which must be added the losses suffered in their repeated attacks on the Russian entrenchments in central Poland.

All the attacks in the west, the announcements of the allies say, met with failure, except near Craonne, where it is admitted the French lost 800 men, largely because of the collapse of an old quarry.

The Germans, on the other hand, assert they inflicted a severe defeat on the French at Craonne and that they repulsed all the French attacks in the Vosges and upper Alsace with heavy losses.

While it is evident these attacks and counter attacks cost both sides heavily, they made no great difference in the relative positions of the opposing armies. They convey the intimation, however, that the Germans have by no means given up the idea of a smashing blow at the allied armies.

Germans Become Active.

With the approach of drier weather and the consequent hardening of the ground they brought up new troops with the intention of getting in their blow before the full strength of the Anglo-French forces was ready to meet them.

Thus far they have made little, if any, headway, but, undismayed, are sending still more troops through Belgium to Ypres and La Bassée, where earlier in the winter they attempted to break their way through to the coast. Knowing, as they must, that the Anglo-French armies have been greatly strengthened since then, they themselves must have increased their striking power.

The allies, however, are confident of their ability to hold their present lines and move forward when all preparations are completed.

In the east, interest centers in the Carpathians, where the Austro-Germans have brought up new armies to oppose the Russian invasion of Hungary. According to announcements in Vienna they have recaptured some of the passes the Russians were holding in strength.

WILL OF ZIMMERMAN

Leaves Estate in Trust For Daughter, Nothing For Her Creditors.

Cincinnati, Jan. 29.—The Duke of Manchester is not mentioned in the will of the late Eugene Zimmerman, railroad magnate and capitalist, which was filed for probate here. The value of the estate is not given in the will. It is provided that the entire estate must be held in trust. Following the death of the Duchess of Manchester, Mr. Zimmerman's daughter, the estate must be held in trust for a period of twenty-one years.

The income from the estate must be paid to the duchess as long as she lives. A paragraph in the will reads: "But under no circumstances are the trustees to pay to my daughter any sum to satisfy the claims of any creditor of my daughter."

Germans Report Two Victories.

Berlin, Jan. 29.—Victory for German troops in two important engagements along the western front is announced in an official communication from the war office. In the region of Craonne another section of the trenches of the allies was captured, the report states, and in upper Alsace the French retreated in disorder after suffering heavy losses in attacks on the German positions. In the eastern campaign two small defeats of the Russians are reported.

BALANCE IN TREASURY SLOWLY DROPPING

No Immediate Action to Increase
Government's Revenues.

Washington, Jan. 29.—Administration leaders in conference with President Wilson decided that there was no immediate need for legislative action to increase the government's revenues. Secretary McAdoo of the treasury announced it had agreed that at the end of the fiscal year that the government would better know the effects of the European war and what, if anything, is necessary to be done.

Mr. McAdoo declared that he still stood by his estimate of the government's revenue for the fiscal year ending next June, which, compared with his estimate of expenditures, would leave a deficit of \$10,000,000.

The net balance in the treasury is about \$56,000,000. It is slowly dropping.

WANTS CORONER REMOVED

Shouts Dissatisfied With Handling of
Wreck Case.

Albany, N. Y., Jan. 29.—Removal of Coroner Patrick D. Riordan of New York is sought in a complaint filed by attorneys for Theodore F. Shonts, president of the Interborough Rapid Transit company, with Governor Whitman.

Most of the charges concern the coroner's handling of an inquiry into a recent elevated railroad wreck in New York city. On that occasion the coroner is said to have neglected his duty, falsely and maliciously caused the arrest of officials of the company, refused the proffered assistance of the district attorney, "drank from a bottle" and indulged in "low wit."

"Mother" Jones Issues Statement.

New York, Jan. 29.—"Mother" Jones, the aged strike leader and labor organizer, in a typewritten statement she distributed at the hearing of the commission on industrial relations, termed the scheme of collective bargaining recently inaugurated by the Colorado Fuel and Iron company in Colorado as "hypocritical and dishonest pretense." She said, however, that she did not believe that John D. Rockefeller, Jr., understood this, and she expressed the hope that he would go to Colorado while the ashes of Ludlow are still hot so that he might see for himself and understand the entire situation.

Attempt Made to Kill King of Greece.

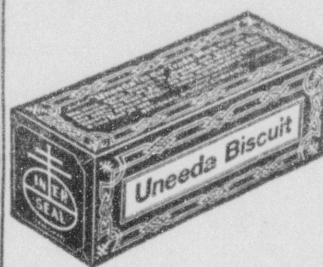

London, Jan. 29.—An Exchange Telegraph dispatch from Copenhagen gives a report that an attempt was made to assassinate King Constantine of Greece. The attempt on the life of the king, according to the rumor, was made at Patras, Greece.

NEW TYPE OF SHELL IS USED BY GERMANS

London, Jan. 29.—A recital of recent developments in the war by the official observer attached to British military headquarters given out here includes a description of new projectiles employed by the Germans. "In some parts of our front the Germans are firing a new type of high explosive shell, detonating with a cloud of thick white smoke," the report says. "Their mine thrower also occasionally throws a very large gray bomb, or aerial torpedo, three feet, nine inches long and nearly ten inches wide. It weighs more than 200 pounds. 'The anticipations of the enemy as to the possible duration of the war,' the statement continues, 'are shown by the measures they are taking for any shortage in certain classes of food. In some towns orders have been issued that all kitchen refuse not required by the inhabitants to feed to their own animals, shall be saved and handed over to the authorities.'
